

CVEN 3698: Laboratory Assignment 3

Kansai International Airport

This is a group exercise.

After watching the video, please answer the following questions:

1. What is the project about?
2. Describe the steps involved in the completion of this project.
3. Is this project done? If yes or no, why?
4. How was geology involved in this project (materials, foundation, etc.)?
5. What problems have been encountered? How have they been remedied? What plans have been proposed to resolve the problems in the near future?

Due Friday February 27, 2009
